Michigan—Republican Governor has safe lead.

CHICAGO, Nov. 8.—[Exclusive Dispatch.] It was a Democratic landslide and a tidal wave combined. Overwhelming victories in the important doubtful States at today's elections carried with them the control of the House of Representatives in the Sixty-second Congress by a majority that may range anywhere from 30 to 5.

Figures at a late hour tonight showed enough Democratic gains throughout the country to leave no doubt of the power of the present minority to organize the next House with a big margin to spare. The returns at that hour were comparatively meager and embraced results in very few of the districts to which the greatest amount of doubt has attached in various States.

But the general trend shown in the States of New York, Ohio, Massachusetts, New Jersey, Connecticut, Indiana and Illinois sufficiently tells the story.

One of the greatest surprises in the whole country is supplied by Illinois. At a late hour the leaders at the Republican Congressional headquarters practically conceded the defeat of five members in Cook county, aside from the three districts now held by the Democrats. Moxley, Gansberger and Lundin were the ones it was known had gone under. Wilson and Foss were in doubt. At one time Mann, previously regarded as occupying the safest position in the county and practically landslide-proof, was believed to have been defeated, as well as Madden.

RETIREMENT OF BEVERIDGE.

From down State in Illinois further losses were expected, but no definite returns have been received. Illinois had been pictured as in the best shape from the Republican standpoint of any in the Middle West.

The Democrats by no means have confined their spoils to seats in the lower house at Washington and to executive chairs at Albany, Columbus and various other State capitals. Losses have been met in the United States Senate, but how severe they will be cannot be determined for the present.

Indiana has elected a Democratic Legislature, which means the retirement of Senator Albert J. Beveridge, and he will be succeeded by John W. Kern, who was Bryan's running mate on the Democratic national ticket in 1908.

A gain of twelve seats would give the Democrats control of the Senate as well as the House. Very meager returns are at hand with respect to Legislators chosen today, it being easy to understand how the count as to them would be delayed. But in view of the results—the sweeping changes in politics wrought by the rain of ballots during a few hours, it would not be surprising if the victors came nearer the line than was supposed possible by any but the most vociferously enthusiastic Democrats in advance of the election.

FOSS WINS IN BAY STATE.

Massachusetts, which has elected Foss, Democrat, Governor by a majority of 40,000 is believed also to have elected either a Democratic Legislature or escaped doing so by such a narrow margin that the opponents of Henry Cabot Lodge would be able to defeat his re-election to the Senate.

From Ohio no returns from the Legislature are on hand as yet, but the Democrats are claiming that the State law and Senator makers will present Democratic majority. It is declared Harmon carried the Legislature through with him and if he did it means a Democrat will occupy the seat of Senator Charles Dick after March 4 next.

The complexion of the New Jersey Legislature which will choose a successor to United States Senator John Kean, who has been one of Aldrich's right hand men, is in doubt.

The Delaware Legislature is believed to be Republican, thus insuring the re-election of United States Senator Dupont.

Connecticut, which went Democratic on the Governorship, elected a Legislature which will choose a Senator to succeed Morgan G. Bulkeley. It is not known from the present returns whether the Legislature remains Republican or went Democratic along with the election of Judge Baldwin.

DEPEW TO BE RETIRED.

New York seems to be Democratic all along the line. On top of the sweeping victory achieved by John A. Dix in the Governorship race, came the news just before midnight that the Legislature

probably would be Democratic in both branches thus insuring the election of a Democrat to the United States Senate in place of Chauncey M. Depew.

At the same time came the tidings that there was a close race in insurgent Iowa, that the Democrats appeared to be ahead. This cast doubt, which previously had not been great, on the result of the gubernatorial election and the complexion of a Legislature which will name the successor to the late United States Senator Dolliver. Wisconsin, which now has ten Republicans in the House, will have nine Republicans, one Democrat and one Socialist in the next. The Republicans lose the Fifth District, where Victor L. Berger, Socialist, defeated Henry F. Cochems. The Legislature will be Republican in both branches and Robert M. La Follette will be returned to the United States Senate.

BLAME THE TARIFF.

Chairmen of both the Congressional Committees issued statements at midnight, and both agreed that the tariff had much to do with the results. James T. Lloyd, chairman of the Democratic Committee, said:

"Present indications are that Congress will be Democratic by about thirty-five majority. Thus far the returns indicate that our pre-election estimates were about correct."

"The causes which have led to results of today are well known. It is a serious rebuke to the Republican party for its failure to reduce the tariff as the people believed the party had promised. The high cost of protected, manufactured articles, which has resulted in greatly increased cost of liv-

PARTIAL RETURNS AT MIDNIGHT.

At the 402 precincts of Los Angeles city and county indicated that Hiram Johnson, Republican candidate for Governor, had carried the county by a lead of about 7000 over his Democratic opponent, Theodore Dell. Russ Avery, chairman of the Republican County Central Committee, claimed a lead of 11,000 for Johnson, basing his figures on the incomplete returns at hand. Johnson's lead in the city of Los Angeles was estimated at 5000.

Dist. Atty. Fredericks is re-elected by a majority of several thousand votes over Tommy Woolwine, after one of the nastiest mudslinging campaigns ever known in the county, conducted in behalf of the Democratic candidate. Fredericks has a lead in the county of at least 6300 over Woolwine.

William D. Stephens, Republican candidate for Congress, is elected by a tremendous majority over Loris A. Handley, his Democratic opponent. Stephens was estimated at midnight that Stephens's majority in the district will be from 15,000 to 20,000, thus placing him in the lead of all candidates of his party.

The early returns indicated that the entire Republican county ticket had been elected, including the three candidates for Superior Judge, Craig, Finlayson and Wood.

Albert L. Stephens, Democratic candidate for the Superior bench, ran far ahead of his ticket, but he could not overcome the heavy Republican strength of his opponents.

From the incomplete figures at hand at midnight it appeared that Justice James and Judge Conroy, rival candidates for Justice of the Second District Court of Appeal, were running neck and neck in Los Angeles county, though it was believed James was a trifle in the lead. This county forms but a part of the Second Appellate district, however, and it was said, by supporters of Justice James that his majority over Conroy in the outside counties will be great, returning him to the post he now occupies by appointment.

Justices Melvin and Sloss were far ahead of their Democratic opponents in the race for the Supreme Court, and returns from other counties throughout the State assure their re-election.

Judge McCormick, candidate for the short term, Superior Court, appeared in Coroner Hartwell, that official undoubtedly is re-elected, his vote being away ahead of that of Dr. Pratt, the Democratic candidate.

An unusually heavy Socialist vote

JOHNSON CAPTURES MAJORITY IN STATE.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Nov. 8.—[Exclusive Dispatch.] While the returns are coming in slowly all indications point to the election of Hiram Johnson by about 20,000.

He has carried Alameda county by about 7000, and will more than break even on the remainder of the northern vote.

San Francisco, which was expected to roll up a big plurality for Bell, failed to come to the help of that candidate due largely to the fact that Wilson, the Socialist candidate, received a large portion of the disaffected labor vote. Bell has carried Sacramento, Solano, Colusa and a number of other counties in the Sacramento Valley. His pluralities in these counties are so small that they will not overcome the lead Johnson has in the other section.

Johnson got a big vote in Santa Clara, Santa Cruz, Monterey and meager indications point to a good lead for him in the San Joaquin Valley. Congressional returns have failed to

give any line on the result in the First and Second districts. In the other districts the Republican candidates appear to be safely returned. The rest of the Republican ticket has a big lead on its opponents.

McArthur, (Dem.), concedes the election of Kahn in the Fourth district. With Kahn safe there ought not to be any break in the solid Republican delegation in Congress from California.

Judges Sloss and Melvin, the Republican nominees for the Supreme Bench are elected, apparently—Judge Lawlor cutting little ice anywhere.

SOCIALIST VOTE IN NORTH IS FEATURE.

"UNKINDEST CUT OF ALL"
FLOOD ENGULFS
"MR." BEVERIDGE.

Indiana Reports Presage
Orator's Defeat.

Democratic Legislature Will
Choose Kern.

Foreign Element at Gary
Big Factor in Result.

[BY DIRECT WIRE TO THE TIMES.]
INDIANAPOLIS, Nov. 8.—[Exclusive Dispatch.] Albert B. Beveridge has lost his seat in the United States Senate, from reports that have been received here so far. While the returns show that the vote is very close, the Republican vote is not enough to return Beveridge to the Senate, and his showing in the country district is all that can save him.

Beveridge will be defeated through the election of a Democratic Legislature, which will elect John W. Kern to the Senate from the present indications. The Democratic State ticket looks sure of election. The Republican legislative ticket, consisting of eight candidates for Representative and one candidate for Senator, is making a better showing than the State ticket, but the possibility of its being elected is small.

In order to overcome the vote of 1906, with which comparison is being made, the Republicans must gain nine votes to the precinct, and the returns show that the average gain has been about seven votes.

BIG DEMOCRATIC GAIN.
Marion county, the capital and the largest city, has given a decided majority to the Democrats from 1906 to 1908. This in Senator Beveridge's home, and his managers are greatly discouraged over the vote. However, they will not concede as yet that the Legislature will be Democratic. The returns from the largest cities outside Indianapolis—Evansville, Fort Wayne, South Bend—all show that the Republicans have been badly defeated. Allen county has given the Democrats 500 majority, and Vanderburgh county has also voted against the Republicans.

The present returns would indicate that the Democrats have held their own in the Congressional elections, keeping eleven out of the thirteen districts, but this is not yet fixed beyond calculation.

The State ticket in the returns from scattering precincts has shown a gain of nearly 15,000 on the Democratic side from two years ago. In the case of an independent vote last hope, Beveridge's only hope lies in the independent vote and the possibilities that may arise from a very close return on the State ticket.

The central "progressive" has made a very nice campaign against great odds and has made strong appeal to independent voters. He has been the big issue in the campaign in the tariff and local option, as on minor questions. Kern has been a perennial of the "progressive" but seems to have been carried to victory with the Democratic wave.

McGovern and Bryan both invaded the State and turned loose their heaviest voices, but it is doubtful if they swayed a single vote in that way. One new element in Indiana is the heavy foreign vote at Gary, the new city. Five thousand foreigners voted there at the last election, and the number was added 700 more, who voted Democratic in a solid body.

The Democrats have had the foreigners in tow ever since they landed in Indiana. They paid for their naturalization, bought them clothes, food and drink, and voted them solidly. The number of these foreigners will constantly increase and it will make necessary a change in all Indiana estimates, hereafter, although the 12,000 votes can be counted in the Democratic columns safely in all future calculations.

NO BITTERNESS
PEACE AND WORK
HIS SLOGAN.

LET'S MAKE THIS OLD WORLD
BETTER, HE SAYS.

Re-elected District Attorney
Promises the Best Administration
That Important Office Has Ever
Had, and Wishes to Retire and
Enjoy Sunshine When Term is
Finished.

The following statement was made
early this morning by Capt. Frederick
Smith, who is leading his ticket.

Let us have peace. There is much to
do in building and developing this great
city and county.

Let us devote some of the energy we
have all been expending to making this
old world a better place to live in. I
intend to give the people the best
administration this office has ever
had, and when my term is finished I
wish to retire to private life and enjoy
my share of the sunshine.

I do not intend to carry the bitterness
of this campaign into my administration,
and the only way I can thank my
friends for their loyal support is by
giving to the people of this county a
strong and fair administration of the
difficult duties of this office.

[Signed]
J. D. FREDERICKS.

ILLINOIS.
[ASSOCIATED PRESS NIGHT REPORT.]
CHICAGO, Nov. 8.—Returns in Chicago and Cook county a little more than half the total indicate the Democrats have swept city and county by from 30,000 to 40,000 votes. Returns from 700 precincts show that Vogler, Republican, will be defeated by Zimmerman, Democratic candidate, by a plurality of about 15,000. Scattering returns from the State of Illinois indicate a Democratic gain in various counties.

CANNON TO BE RE-ELECTED.
[ASSOCIATED PRESS NIGHT REPORT.]
DANVILLE (Ill.) Nov. 8.—Joseph G. Cannon, Speaker of the House of Representatives, was re-elected to Congress from the Eleventh Illinois District by a slightly reduced plurality.

FREDERICKS' VICTORY.

Fredericks carried Long Beach by 700 votes. Partial returns from all the precincts in Pasadena indicate a majority of 1000 for Fredericks. Pomona indications are 150 majority for Fredericks. Partial returns from the Soldiers' Home indicate Fredericks in the lead two to one. Naples complete gives Fredericks 19 and Woolwine 1. Altadena is two to one for Fredericks. Reports from the Good Government stronghold in the Third, Fourth and Fifth wards indicate a lead for Fredericks in practically every precinct, the average being estimated at twenty per cent. Fredericks' lead estimated at 2500 in the county.

OHIO.

[ASSOCIATED PRESS NIGHT REPORT.]
CLEVELAND (Ohio) Nov. 8.—Judson Harmon, Democrat, was re-elected Governor of Ohio today by a large increased plurality, according to returns from about 250 precincts of the 4526 in the State. Even approximate figures are still in doubt owing to a considerable switch in various districts of the State. In 156 precincts Cleveland, Harmon shows a gain of 14 votes to a precinct, partly overbalancing the Republican gain of 30 to a precinct in Cincinnati. The complexion of the Legislature is in doubt, but indications are it will be close. Rural districts are showing large Democratic gains.

COX ELECTED.
[ASSOCIATED PRESS NIGHT REPORT.]
DAYTON (Ohio) Nov. 8.—James M. Cox, Democrat, is elected to Congress over G. R. Young, Republican, in the Third District, by 700 to 600. It is the first time in thirty-five years he carried the Soldiers' Home here.

LOUISIANA.
[ASSOCIATED PRESS NIGHT REPORT.]
NEW ORLEANS, Nov. 8.—As usual the Democratic nominees for Congress and State offices were elected without exception in today's election. The constitutional amendment providing a State bond issue of \$5,000,000 in support of the proposed international exposition to be held in New Orleans in 1915 was overwhelmingly adopted.

MISSISSIPPI.
[ASSOCIATED PRESS NIGHT REPORT.]
BOSTON, Nov. 8.—City of Boston, complete: Foss, Democrat, 55,167; Draper, Republican, 57,992. Foss's plurality in the city, 27,825.

DRAPER GIVES UP.
[ASSOCIATED PRESS NIGHT REPORT.]
BOSTON, Nov. 8.—Governor Eben S. Draper gave out a statement tonight conceding the election of Foss by a substantial plurality and congratulating him.

SAN DIEGO COUNTY.
[BY DIRECT WIRE TO THE TIMES.]
SAN DIEGO, Nov. 8.—[Exclusive Dispatch.] Returns from 14 out of 64 precincts in the city and county indicate that Hiram Johnson has carried San Diego county over Bell by 250. The Socialist vote was heavier than had been anticipated.

For State Senator, Wright has a good lead over Hammond, and is sure of re-election. Hinkle, Republican, for Assemblyman, in the Seventy-ninth District, had only a slight lead over Judson, Republican, for Assemblyman in the Eightieth district, runs behind Messenger, Democrat.

Smith for Congress, is running ahead of Johnson, and will carry San Diego county by a good majority. The returns of the vote on the amendments are so meagre that little is known as to the probable outcome. The few scattering returns show that San Diego will vote against No. 1 and for the Panama Fair bonds.

San Diego, both city and county, has carried the largest vote in its history, thereby causing a slow count. During the day it was believed by many Republicans that Bell would lead, as the Bell sentiment, prior to the election, was strong. However, the early returns show a change from what was anticipated. The first precinct to report was North Island, where the solitary voter is Capt. W. H. Hall, School. For the first time in its history, the county has carried the county by 500. City precincts are not doing as much for the head of the Republican ticket as expected. Smith for Congress is running ahead of Irving in the outside precincts, and about even with him in town. Smith may have a small majority. Indications are that the Republican nominee, Dr. H. H. Hall, is defeated in his home town, but the Santa Barbara vote may pull him out. Melvin and Sloss are running about even in the city. James has a lead over Conroy. The county ticket has been elected by the Republicans except Superintendent of Schools. For the first time in many years Republicans control the Board of Supervisors.

BELL LEADS IN KERN.
[BY DIRECT WIRE TO THE TIMES.]
BAKERSFIELD, Nov. 8.—[Exclusive Dispatch.] Partial returns from nineteen precincts give the following vote: Governor, Johnson 365, Bell 412; Lieutenant Governor, Wallace 107, Spelly 232; Congressman, Eighth District, Smith 292, Irving 271; Fred H. Hall, School, 12. The Democratic nominee for Assemblyman, A. E. Beckes, J. W. P. Laird, Democrat, is elected by a large majority over E. O. Larkin, Republican, who has a majority. The State Senator figures now in are Laird 424, Larkin 271. It is expected that Larkin will lead in Tulare, his home county. The only Republican candidate who is ahead in this county on the present returns is E. O. Larkin, who has 446 votes to 455 for T. A. Baker, the Democratic nominee. The voting was running from 10 to 12 o'clock, and much less in the oil fields.

JOHNSON CARRIES KINGS.
[BY DIRECT WIRE TO THE TIMES.]
HANFORD, Nov. 8.—[Exclusive Dispatch.] Johnson has carried Kings county by about the usual one-third Republican majority. Wallace is running some behind Johnson.

Melvin and Sloss will get substantial majorities. For Congress, Needham will receive a good majority over Cowd, Democrat, in the Sixth District. Very close race between Wallace, Republican, and Weller, Democrat, for Assemblyman in the lead at eleven o'clock. For State Senator, Thirty-second District, Johnson is leading Laird, Democrat, by a small majority.

FRESNO TICKET SPLIT.
[BY DIRECT WIRE TO THE TIMES.]
FRESNO, Nov. 8.—[Exclusive Dispatch.] Partial returns from some of the 111 precincts at midnight total as follows:

For Governor, thirty-seven precincts, Johnson 1207, Bell 972; Lieutenant Governor, nineteen precincts, Wallace 490, Spelly 479; Judges, seventeen precincts, Melvin 446, Sloss 423; Bledsoe 327, Lawlor 442.

Incomplete returns indicate that A. M. Drew has been badly beaten in his bid to carry the county by a majority in the State Senate. Needham leads Cole for Congress in this county by 1500. The Sheriff race is in doubt and the county ticket is badly split.

JOHNSON WELL AHEAD
[BY DIRECT WIRE TO THE TIMES.]
RIVERSIDE, Nov. 8.—[Exclusive Dispatch.] Incomplete returns received up to 11 o'clock tonight give Johnson a majority of nearly two to one over Bell in the city. It is expected Johnson will have a majority of from 1200 to 2000 in the county. Bell carried Perris, El Cacho and Rincon precincts.

DEMOCRATS GAIN SOME.
[BY DIRECT WIRE TO THE TIMES.]
EL CENTRO, Nov. 8.—[Exclusive Dispatch.] Incomplete reports from twelve out of the nineteen precincts of Imperial county show Johnson leading Bell two to one. Irving is running about even with Smith. For Congress, Eighth District, Messenger, Democrat, is ahead of Judson, Republican, for Assemblyman in the Ninth District. There is a large vote against the constitutional amendments. Partial returns indicate Republicans lose sheriff, clerk and superintendent of schools.

ENTIRE TICKET IS REPUBLICAN.

JOHNSON CARRIES COUNTY BY FOUR HUNDRED.

Is Defeated in City, But Redlands Offsets the Loss—Democrats Poll Strongly in Districts Where Insurgents Were Considered to Be Firmly Entrenched.

[BY DIRECT WIRE TO THE TIMES.]
SAN BERNARDINO, Nov. 8.—[Exclusive Dispatch.] With fourteen scattering precincts complete, indications are that Johnson, for Governor, will carry San Bernardino county by 400 majority.

The entire Republican State and county ticket is elected, though by greatly reduced majorities. Democratic surprises have featured the returns, Bell carrying some insurgent strongholds. The returns so far show Johnson, 215; Bell, 208; Congress, Smith (Rep.) 244; Irving (Dem.) 166; State Senator, Avery (Rep.) 240; Huey, 153; Assembly, Bennink, 228; Levering, 143; Lieutenant Governor, Wallace, 210; Spelly, 204.

Additional returns indicate Bell will carry San Bernardino city by 300 majority and Redlands will give Johnson an offset of 300.

BOSTON, Nov. 8.—Governor Eben S. Draper gave out a statement tonight conceding the election of Foss by a substantial plurality and congratulating him.

SAN DIEGO COUNTY.
[BY DIRECT WIRE TO THE TIMES.]
SAN DIEGO, Nov. 8.—[Exclusive Dispatch.] Returns from 14 out of 64 precincts in the city and county indicate that Hiram Johnson has carried San Diego county over Bell by 250. The Socialist vote was heavier than had been anticipated.

For State Senator, Wright has a good lead over Hammond, and is sure of re-election. Hinkle, Republican, for Assemblyman, in the Seventy-ninth District, had only a slight lead over Judson, Republican, for Assemblyman in the Eightieth district, runs behind Messenger, Democrat.

Smith for Congress, is running ahead of Johnson, and will carry San Diego county by a good majority. The returns of the vote on the amendments are so meagre that little is known as to the probable outcome. The few scattering returns show that San Diego will vote against No. 1 and for the Panama Fair bonds.

San Diego, both city and county, has carried the largest vote in its history, thereby causing a slow count. During the day it was believed by many Republicans that Bell would lead, as the Bell sentiment, prior to the election, was strong. However, the early returns show a change from what was anticipated. The first precinct to report was North Island, where the solitary voter is Capt. W. H. Hall, School. For the first time in its history, the county has carried the county by 500. City precincts are not doing as much for the head of the Republican ticket as expected. Smith for Congress is running ahead of Irving in the outside precincts, and about even with him in town. Smith may have a small majority. Indications are that the Republican nominee, Dr. H. H. Hall, is defeated in his home town, but the Santa Barbara vote may pull him out. Melvin and Sloss are running about even in the city. James has a lead over Conroy. The county ticket has been elected by the Republicans except Superintendent of Schools. For the first time in many years Republicans control the Board of Supervisors.

BELL LEADS IN KERN.
[BY DIRECT WIRE TO THE TIMES.]
BAKERSFIELD, Nov. 8.—[Exclusive Dispatch.] Partial returns from nineteen precincts give the following vote: Governor, Johnson 365, Bell 412; Lieutenant Governor, Wallace 107, Spelly 232; Congressman, Eighth District, Smith 292, Irving 271; Fred H. Hall, School, 12. The Democratic nominee for Assemblyman, A. E. Beckes, J. W. P. Laird, Democrat, is elected by a large majority over E. O. Larkin, Republican, who has a majority. The State Senator figures now in are Laird 424, Larkin 271. It is expected that Larkin will lead in Tulare, his home county. The only Republican candidate who is ahead in this county on the present returns is E. O. Larkin, who has 446 votes to 455 for T. A. Baker, the Democratic nominee. The voting was running from 10 to 12 o'clock, and much less in the oil fields.

JOHNSON CARRIES KINGS.
[BY DIRECT WIRE TO THE TIMES.]
HANFORD, Nov. 8.—[Exclusive Dispatch.] Johnson has carried Kings county by about the usual one-third Republican majority. Wallace is running some behind Johnson.

Melvin and Sloss will get substantial majorities. For Congress, Needham will receive a good majority over Cowd, Democrat, in the Sixth District. Very close race between Wallace, Republican, and Weller, Democrat, for Assemblyman in the lead at eleven o'clock. For State Senator, Thirty-second District, Johnson is leading Laird, Democrat, by a small majority.

FRESNO TICKET SPLIT.
[BY DIRECT WIRE TO THE TIMES.]
FRESNO, Nov. 8.—[Exclusive Dispatch.] Partial returns from some of the 111 precincts at midnight total as follows:

For Governor, thirty-seven precincts, Johnson 1207, Bell 972; Lieutenant Governor, nineteen precincts, Wallace 490, Spelly 479; Judges, seventeen precincts, Melvin 446, Sloss 423; Bledsoe 327, Lawlor 442.

Incomplete returns indicate that A. M. Drew has been badly beaten in his bid to carry the county by a majority in the State Senate. Needham leads Cole for Congress in this county by 1500. The Sheriff race is in doubt and the county ticket is badly split.

BAR TO GLORY RACIAL HATE.

No Place in Free America for
Anti-Semitism.

Famous Preacher Deprecates
Such Prejudices.

Jew and Gentile, White and
Black, Are Factors.

"I do not believe in sending the Jew to Palestine, nor sending the negro to Liberia. They are each a people who have helped to make America what it is today, and I believe that they should share in its civilization and prosperity."

That is what Dr. Madison C. Peters has to say about the Zion movement and about the plan to give the negroes of the United States a country of their own. Dr. Peters is to lecture tomorrow night at Simpson Auditorium on "The Jew's Part in the Making of America."

"Most people," said Dr. Peters, "believe that the expedition of Columbus had Jews for its basis. As a matter of fact, it was not Jews, but Jews. Columbus did not make his exploration on money derived from the sale of Queen Isabella's jewels. His expedition was financed by two Jews of Spain. Moreover, it was Jews who furnished the maps and instruments which made the sailing of Columbus possible, and when land was first sighted, it was a Jew who first set foot upon the soil of the Western world."

"In the West, where the people are less provincial, the anti-Semitic feeling is not so marked as it is in the East. Here you have an excellent class of Jews, but in the East there are thousands of Jews who have just arrived from Russia, having fled from bitter persecution. The East does not see the best of the Jew and hates him accordingly. The East's hatred of the Jew is un-Christian, un-American and inhuman."

BROAD RELIGION.

"As a Christian minister, I do not preach a religion for Gentiles or Jews, whites or blacks. I preach a religion for humanity. I want to see a brotherhood so broad that it includes all men. I want to see, not the advancement of one race or people or one nation of people, but the advancement of mankind. America will always be short of its full glory while it hangs its head in prejudice. The hatred of one people should not be set against another."

"My attention was first called to the bitter unfriendliness of the average Christian's attitude toward the Jew when I was a very young man. I had proposed the name of a German friend of mine for membership in a social club. He was blacked out because some of the members suspected that in his veins ran a trace of Jewish blood. The next Sunday I preached on that subject from an Eastern pulpit and my sermon was so widely quoted by the newspapers that it led me to a further exploitation of the subject."

"I think it is very wrong that our Sunday-schools should inspire all children with a bitter hatred of the Jew because of the crucifixion. The very fact that Jesus was crucified is proof that his death had received the approval of Rome, because the Jewish method of execution was not by the cross, but by stoning. Of course, Jesus was tried by a mob and not in a fair way, but his death lay partly at the hands of the Gentiles. If he could look out on his murderers from the agony of the cross and forgive their ignorance, surely the Christians of today should share the same spirit of charity."

ANCIENT AND MODERN.

"It is right that modern Christians should distinguish the difference between the modern Jew and the Jew of 2000 years ago. If we have a modern civilization today nothing could be more unfair than a failure to recognize the great part of the Jew in bringing about that modern civilization to its present high state."

"Regardless of their religion, and regardless of their genius for commerce, the Jews have been patriots and scholars, ready to support their country to any extent in every emergency, and always in the advance of every progressive movement."

"It is a crying shame to every citizen of the United States that this country has never paid the debt it owes in dollars and cents to one of the Jews who made the success of the war of the Revolution a possibility through his financial response to his country's need. That Jew was Haym Solomon. He was a resident of Charleston, S. C., in Colonial days and he loaned Gen. Washington's army \$25,000, not one cent of which was ever returned either to him or his heirs. We have a movement in hand now to erect a monument to Solomon's memory."

NEGRO QUESTION.

"As for the negroes, I am writing a book on the subject of Justice to the Negro, and I hope it does something in bringing about a better feeling toward the colored race. I feel that we brought them here and that the whole country has profited by their labor. The toll of the negroes is responsible for much of the country's commercial development and the laborer is always worthy of his hire. I have watched the negroes for the last thirty years and I know that no race ever made so great a progress in so short a time."

"I think the talk about social equality is wholly unnecessary. I do not believe in it, but it seems a waste of breath to speak about it. It is an utter impossibility. The negroes do not want it and the whites will not have it, so what is the use of keeping up such an agitation?"

"I believe in the unfolding of the negro as much as I believe in the advancement of all humanity. And I am in favor of encouraging his growth in every line. We must give the negro justice, and we must give justice to the Jew if we are to remain a great nation."

FAMOUS PREACHER.

Dr. Peters has occupied some famous pulpits during the years of his ministry. He is of German descent, without Jewish blood, and in denomination is a Presbyterian. He has, however, filled both Congregational and Baptist pulpits and is at present supplying the pulpit of the First Congregational church, San Francisco, for two months, and the people of that city have been thronging to hear him.

While it is conceded that he has made the most intellectual protest ever offered against anti-Semitism and has told the story of the world's debt to the Jew as it has never before been related, this is only a little portion of the man's great work.

Accompanying Dr. Peters is Dawson Mayer of San Francisco, his managing editor and one of the proprietors of the Jewish Times, a periodical other than the city in which it is published, and one of the largest papers of its kind in America. Mr. Mayer is a brainy, energetic man with a large heart, which inspires him to participate with enthusiasm in all public questions.

HE COULD NOT IDENTIFY IT.

ORDERS PORTERHOUSE, BUT
GETS A "PLAIN" STEAK.

Mexican Charged With Carving
Chinese Instead of Cutting Up His
Dinner—Controversy in Restaurant Ends in Patron Going to Jail and Proprietor to Hospital.

An argument over the identity of a certain piece of beefsteak resulted yesterday afternoon in Sney Yuen, a Chinese restaurant keeper being put over his left eye with a knife. Charles Martinez, a Mexican, who took the opposite side of the controversy, is charged with doing the slashing and is in the City Jail on a charge of assault.

According to the report made at the Central Police station, Martinez entered the Chinese restaurant at Alameda and Marchessault streets and after scrutinizing the menu informed the Chinese that he felt equal to a porterhouse which according to the schedule, gave the Chinese a lien of thirty cents on Martinez's purse.

A beefsteak was prepared according to Martinez's direction but when placed in front of him he uttered a cry of dismay for the beefsteak was not the thick juicy morsel he had anticipated but, he said, was thin and meager and only a "plain steak" at that.

As a compromise, Martinez tendered the Chinese twenty cents in payment, that amount being the price of a "plain steak," but Sney Yuen would have none of it. He declared that come what may he would collect the full tariff of thirty cents or know why he was in the City Jail.

Martinez told him then to prepare to see why not, and snatching a table knife from his place he made a lunge at Sney and struck him over the eye. The knife could not stand the force of the thrust and bent double. Sney bled profusely and was taken to the Receiving Hospital. A theory that the arresting officer had, was eliminated at the station when Martinez was found to have \$12.07 in his pocket.

Engineer for Garbage?

LOS ANGELES, Nov. 8.—[To the Editor of The Times.] About your recent and excellent cartoon of the lady and the garbage can, and your article of Sunday morning, "What's to be Done With the City's Garbage?" If the lady will collect herself sufficiently to face the specter fearlessly, and grapple with it in the same earnest, news-like manner she has shown in other problems of like character, namely, that of securing a pure water supply, and disposing of storm water and sewage, she will discover this phantom, like others, has no real substance and will disappear into limbo provided for other terrors in the teapot.

The only solution of this problem which will be satisfactory to everyone is: A daily collection of garbage in airtight tanks, followed by its complete destruction without offense to the neighborhood in which it is accomplished. The first part of this proposition is perfectly feasible, and so apparent that it needs no exposition. The latter part is the point around which so much doubt and argument revolves. Unfortunately, none of the plans set forth is so unqualifiedly successful as to be universally adaptable to all cities, and each must choose such modifications best adapted to its needs. At one time the city only was concerned in this matter, but the past few weeks has shown that the county is also vitally interested, and in view of the probable union of city and county governments, it seems only proper that the two should combine at this time to discuss it. Neither city nor county has at present provision for expert authority to control sanitary matters such as control other city utilities, like water, and it is strongly advised that a sanitary engineer be employed to head a sanitary commission to be jointly appointed by the City Council and Board of Supervisors, whose duty shall be to dispose of garbage, direct construction of further sewer system and segregate objectionable industries.

Men to Keep Away From Conservation.

October Oil Dividends Make Big Showing.

General News of Interest From Oil Fields.

Men who are members of the California Oil Men's Association are expected to the mass meeting that is to be held at Bakersfield on November 12, discussing the subjects of conservation legislation. They feel that it is the best policy to seek at this time relief from the present interpretation of the Yerd case decision and the rulings of the General Land Office, rather than to offer suggestions as to legislation to be enacted.

Being the sentiment, the Board of Governors of the California Oil Men's Association, at a meeting held in Bakersfield on last Saturday, adopted the following resolutions:

Resolved, that the California Oil Men's Association, the Western Oil Producers' Association, the Kern County Board of Oil, the Coalinga Chamber of Commerce and others interested in the oil fields in this State are to meet in Bakersfield on November 12, 1916, to urge upon the proper procedure for obtaining relief from recent Land Office decisions; and now, therefore, the following resolutions:

Resolved, that the California Oil Men's Association be authorized to advocate the passage of legislation to be enacted by the State Legislature, to the effect that it be made unlawful for the State to take any action which would result in the forfeiture of oil lands to the State, and that the State be prohibited from taking any action which would result in the forfeiture of oil lands to the State, and that the State be prohibited from taking any action which would result in the forfeiture of oil lands to the State.

Women who use Mother's Friend are saved much of the discomfort and suffering so common with expectant mothers. It is a penetrating oil that thoroughly lubricates every muscle, nerve and tendon involved at such times, and thus promotes physical comfort. It aids nature by expanding the skin and tissues and perfectly prepares the system for the coming of baby. Mother's Friend assures a quick and natural recovery for every woman who uses it. It is for sale at drug stores. Write for free book for expectant mothers.

Events in Local Society

At the beautiful country home of Mr. and Mrs. Glassell near Topanga, the wedding of Miss Andrietta to M. C. Somers, only relatives and intimate friends were present and the Rev. Hugh K. Walker of Immanuel Presbyterian church presided. Miss Glassell was attired in her mother's wedding gown of cream brocade satin, veiled with hand embroidered chiffon and trimmed with real lace. She carried a shower of bright roses and lily of the valley. Her veil was also worn by her mother and was a dainty creation of tulle. Miss Marjorie Derby was maid of honor, and her gown was of green material, draped with chiffon, as was also Miss Muriel Stewart's, who assisted as bridesmaid. They carried arm bouquets of Cecile Brunner roses. Jack Somers was best man and the ushers were Warren Wood, Horace Lansing and Will Glassell. The bridal party stood beneath an arch of asparagus plumosus and white chrysanthemums, suspended from which was a floral bell of roses and lily of the valley. The hall and living-room were aglow with yellow chrysanthemums, while the dining-room was massed with lily of the valley and bride roses. At the conclusion of a two weeks trip

was the scene of an interesting wedding. The latter part of the week, when their daughter, Miss Andrietta, became the bride of M. C. Somers. The Rev. Dr. Charles Edward Locke of the First Methodist church read the service. Supper was served in the dining-room where pink and white carnations were gracefully massed. The bride was attired in white silk embroidered in pearls and she carried a shower of bride roses. Miss Hazel Wilkins was maid of honor and was attired in pink and carried pink blossoms. The bridesmaids were the Misses Margaret Ray and Mildred Baur, while the bride's little sisters, Katherine and Georgia Chapman, carried the ring and a basket of rose petals. Claude Chapman was best man and Miss Marion Jones played the wedding music.

Ghost Party. Unique and novel was the ghost party given by Miss Kirk V. Cumby at her home No. 3518 Percy street, for the following guests: Miss Ethel Platt, Miss T. Claycomb, Miss Elizabeth Ramsey, Miss Beulah Hull, Miss Leola Coffelt, Miss Lillian Steeb, Sterling Kendrick, George Wegerer, Robert Johnson, Louis Gardner, Fred Gard-

Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Cresson, Pa.—"Five years ago I had a bad fall, and hurt myself inwardly. I was under a doctor's care for nine weeks, and when I stopped I grew worse again. I sent for a bottle of Lydia E. Pinkham's Vegetable Compound, took it as directed, and now I am a stout, hearty woman."—Mrs. Ella E. Alkey, Cresson, Pa.

Baird, Wash.—"A year ago I was sick with kidney and bladder troubles and female weakness. The doctors gave me up. All they could do was to just let me go as easily as possible. I was advised by friends to take Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am completely cured of my ill, and I am nearly sixty years old."—Mrs. Sarah Leighton, Baird, Wash.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ill. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

BEAUTY HINT: When upon retiring you use a complexion...
...wrinkles while the skin is softened by the cream and event-
...the wrinkles thus treated will cease to reappear. There is an ap-
...which has been proven to be a pos-
...of wrinkles.

...not too stiff to pour out easily.
...The marshmallows were broken into
...pieces and placed in a dish and the
...fudge poured over them. She says
...that next time she means to try
...another flavor than chocolate and will
...beat the marshmallows into the mix-
...ture.

Household Hint.
If you must wash your own dishes,
it is well to use the best soap not only
for the sake of the dishes and in fact
less for their sake than for that of
your hands. There are several kinds
of pure white soap which are good,
...the hands and will soften the
water and cause the dishes to shine
beautifully.

To Eat.
A salad which is novel and pretty
as well as palatable is one made from
pimientos. Chop the pimientos from
one can very fine and mix thoroughly
with two or more cream cheeses.
Moisten with some of the juice of the
pimientos and then beat the whole
until it is light and creamy. Heap
in a mound on lettuce leaves in a
shallow salad bowl and serve with
mayonnaise.

Notes of Fashion.
I saw a strikingly handsome hat in
one of the Broadway stores. It was
of white silk in the grenadier shape
and over the silk was spread closely
a fine meshed black veiling. The sole
trimming was a band of black bird
feathers with an occasional head show-
ing here and there. As the wings and
heads, although very pretty, were ob-
viously "made" there was none of the
feeling against such trimming which
is caused by the more natural birds.

For morning frocks silk wrap hen-
rietta combined with English waterproof
crepe is greatly used.
Wide bands of satin are much used
as trimming on frocks of chiffon, serge,
or almost any material.
Chiffons in yellow tones—changing
from the deepest gold to faintest
ecru—were extremely pretty.

There is a continued favor of the
kimono sleeve—not only on corsets but
on quite a number of the new jackets.
Pretty frocks are of net and mar-
quise, stenciled in a simple design
in soft colors, and the design outlined
in black.

Plain white net, pin dotted net, flat
lace and Venetian lace are popular for
the roulet or square yoke and high
collar.
Evening cloaks are made of velvet
and satin brocades—the velvet pattern
depending on sharply on the satin
ground.

Children appear to have been the
"victim" of the dictators of fashion for
the dressy gown of the season of
1910-11.
A noticeable feature of the new
modish is the narrow foundation skirt
of soft mulline finished with a plain
two-inch hem.

BIRTHDAY CELEBRATION.

Many Old-time Friends Congratulate
Mrs. Garey on Eighty-first
Anniversary.

Mrs. Thomas A. Garey celebrated
her eighty-first birthday at the home
of her daughter, Mrs. Harry E. Houk,
No. 1559 West Adams street Sunday
afternoon in a happy manner. Many
friends were present to extend their
congratulations. In the banquet hall
covers were laid for sixty persons.
There were felicitous speeches and
instrumental and vocal music. Mrs.
Garey is a pioneer of Southern Cal-
ifornia. With her husband and a party
of friends, she came by ox teams
through Yuma in 1852.
Among the old-time friends present
were Mrs. S. A. Parrish, formerly Mrs.

party and who first met Mrs. Garey in

SEEKS HER PARENTS.

Little Girl in Missouri Believes Her
Father Lives in This City
and Writes.

Without knowing the names or
whereabouts of her parents, or whether
or not they are alive, Miss Hortense
Hughes, about 12 years old, at pres-
ent living in Monett, Mo., has written
to Capt. Fiammer to see if he can
find any trace of them.

The little girl was sent recently
from a children's home in New York
to one in Monett, Mo., but she has
not heard a word from any relatives
for years.
She asks if any man by the name of
H. W. Hazleton ever lived in Los An-
geles. The directory does not give the
name and the police know of no other
way of learning about it.
Miss Hughes believes that Hazleton
is her father. Her name was given
her in the children's home but she be-
lieves it might be Hazleton. If Haz-
leton is not her father she believes it
possible he might be some relative of
hers. In either case she wishes to
get into communication with him.

now of Twenty-eighth st. Mrs. Turner
was one of the early settlers in Oregon.
She was eighty-five years old at the
time of her death which occurred yester-
day.

Mrs. Newhall Hostess.

A smart affair of Monday evening
was the box party given by Mrs.
Walter Scott Newhall of No. 21 Chester
place in compliment to Mrs. John W.
Dwight of Washington, who is the
house guest of her mother, Mrs. Em-
eline Childs of No. West Adams street.
The guests enjoyed the opening per-
formance of Viola Allen at the Majes-
tic, and later supper was served at
Hotel Alexandria. A large round table
elaborately decorated with roses was
arranged for the eighteen guests. Mrs.
Dwight will leave next week for a brief
visit in the country and will then re-
turn to her mother's home, where she
will remain until the middle of De-
cember.

of adventure-lovers are on
a treasure hunt. And they have found the
treasure. You can find the treasure, too.
You can throw off the weights and measures
of the daily grind and get out into the big
spaces where the big deeds are done. You
can buy the new magazine "Adventure."
If you're in time, you can. You'll enjoy
every one of its 192 pages. Suppose you
begin with this one:

IF you were a young American pleasure-
seeker standing in front of a fashionable
Vienna restaurant;
IF you overheard the conversation of two
secret agents who were spying on a certain
beautiful woman;
IF you saw that woman approaching you on
the arm of an Austrian officer;
IF, suddenly, the woman and the officer, both
strangers to you, appealed to you for a very
great favor;
IF that favor proved to be an invitation to
dine with them publicly in the big café;
IF you found you and your table companions
were the sensation of the evening;
IF everybody grew more and more excited;
IF the spies you had seen were constantly
near you; if the woman implored you not to
leave them for a moment;
What would you do?
HARRY WILLIAMS, in "The Mysterious In-
vitation," did the right thing. It's some story.
You'll find it in "Adventure."

AND you'll find fifteen or twenty stories as good
as this one. Adventure—nothing but Adven-
ture. Not a dull page. Fifteen cents. Can
you beat it? Ask your newsdealer to-day for
